Dear Klaus:

I am happy to accept your invitation to become a member of the Advisory Group on Western Strategy and Military Organization. The problems that you have identified seem to me the most important that the United States faces in the field of national security in the next few years. I shall look forward to attending the first meeting on November 2.

Incidentally, I am leaving today for Washington, where I expect to spend most of November. I can be reached there at the RAND Washington office, or at Henry Bowen's office in ISA if necessary.

Yours,

Daniel Ellsberg
